

CARLOS HERNÁNDEZ

PRODUCT [UX/UI] DESIGNER / FRONT-END MINDSET

México City · + 52 55 2847 0852 · kornersin@gmail.com · [LinkedIn](#) · [Portfolio](#)

DesignOps & Product Specialist with a Front-End Mindset, specialized in scaling design systems and optimizing product lifecycles. Proven track record of reducing handoff friction by 65% through technical-design alignment. My focus is on creating digital products that are usable, consistent, and technically feasible.

Skills

Product & UX Core

DesignOps · UX Research · User Testing · Information Architecture · User Flows · Wireframing · Prototyping · Usability Heuristics · Product Discovery · UX Strategy · AI Tools

Interface & Design Systems

UI Design · Interaction Design · Design Systems · Responsive Design · Mockups

Tech & Front-End Foundations

HTML5, CSS3, SCSS · JavaScript · React · Node.js · Bootstrap · PHP (Cake) · Git / GitHub

Tools, Data & Quality

Figma · WordPress · Google Analytics · GTMetrix / PageSpeed · Design QA · Data-informed design · Metrics-oriented design

Product Collaboration

Stakeholder Management · Cross-functional collaboration · Communication · Leadership · Adaptability

Professional experience

Freelance Saak Solutions Jul 2025 - Present

- Designed wireframes, prototypes, and UI kits in Figma.
- Worked closely with developers to ensure accurate design implementation.
- Understand business and user needs to align design.

Product UX/UI Designer / Front-End Developer G21 Apr 2024 - Jun 2025

- Architected a scalable UI kit that improved usability across 3+ products, heuristic reviews and user feedback.
- Designed wireframes, prototypes, and UI kits in Figma to support product consistency.
- Redesigned responsive web and mobile interfaces focused on clarity and performance.
- Worked closely with developers to ensure accurate design implementation.
- Increased usability by 35% and reduced design-to-dev handoff time by 65%.

Product UX Designer / Front-End Developer Adryo Jul 2022 - Sep 2023

- Defined design goals and sprint tasks within agile workflows.
- Built reusable UI components and responsive layouts.
- Improved usability and interaction through heuristic evaluation.
- Designed user flows, interactive prototypes, and visual systems.
- Delivered a performance dashboard that improved client tracking by 45% and team oversight by 65%.

UX/UI Designer & Front-End Developer Colectivo Tlacuache Urbano Mar 2020 - May 2022

- Conducted user research, empathy mapping, and information structure.
- Designed website prototypes in Figma and developed sites in WordPress.
- Created and edited visual content for digital channels.
